

How to Migrate from STC Prepaid to Postpaid in 2025 (Step-by-Step Guide)

Last Updated: July 13, 2025

Best Way to Convert STC Prepaid to Postpaid:

The fastest and easiest way to switch is using the **MySTC app**. It only takes minutes and requires your **IAM authentication code**. You'll keep your existing number and enjoy better perks like **unlimited data**, **roaming**, and **STC TV access**.

■ Exclusive: IAM Status vs Conversion Speed

Scenario	IAM Linked?	Upgrade Method	Expected Time
New SIM User	No	Visit STC Branch	15–30 mins
Absher Registered	Yes	MySTC App	Instant
App Errors	Yes	Retry or Visit Branch	Varies
Quicknet Upgrade	Yes	Via MySTC	Instant
IAM Code Expired	Yes	Regenerate via IAM	5 mins

■ Voice-Search Style FAQs

Q: How to convert STC prepaid to postpaid through app?

A: Use the MySTC app, go to Settings → Number Properties → Upgrade to Postpaid. Choose a plan, accept terms, and input the IAM code.

Q: Do I need Absher to upgrade STC SIM?

A: Yes, your ID must be registered on Absher to generate the IAM authentication code required for migration.

Q: How long does it take to switch from prepaid to postpaid?

A: The switch is usually instant if done through the app. In-store migration may take 15–30 minutes.

Q: What's the cheapest STC postpaid plan after migration?

A: Mofawtar Basic is the most affordable postpaid option, starting at SAR 138 per month.

Q: Can I keep the same number when switching to postpaid?

A: Yes, your current prepaid number remains the same after upgrading to postpaid.
